

Spring Has Sprung

Spring is nature's way of saying, "Let's party!"

PRESIDENTS MESSAGE...

We hope you recovered from St. Patrick's Day and had a delightful Easter with friends and family.

Remember, it is great to find the Easter Egg on Easter Day. It is NOT good to find an Easter Egg at Christmas!

We only have two dances remaining this season (April and May) so please plan to join us before the Summer break!

See you on the 19th and be ready to dance to Tony Carinio... The man who plays two saxophones at a time!

Larry Isham,
President

THE TWO STEP...

Traditionally, Two Step includes three steps: a quick step, a quick step, and then a slow step.

In modern times, this is also known as Texas Polka. It can be danced to music with either a 2/4 or 4/4 time signature

Older dance manuals specified the best effect is achieved when dancers have a smooth gliding motion in time to the music.

For example, the 1939 book "Cowboy Dances" states that, "The real two-step should be smooth and beautiful to watch. But in a Western dance it is quite in kind to make it joyous and bouncy."

OK guys! Let's dance

SPRING, YEAH!

Meteorologists generally define four seasons in many climatic areas: spring, summer, autumn (or fall) and winter. These are demarcated by the values of their average temperatures on a monthly basis, with each season lasting three months.

The three warmest months are by definition summer, the three coldest months are winter, and the intervening gaps are spring and autumn. Spring, when defined in this manner, can start on different dates in different regions. In terms of complete months, in most North Temperate Zone locations, spring months are March, April and May, although differences exist from country to country.

SPRING QUOTES

"Springtime is the land awakening. The March winds are the morning yawn." ~ Lewis Grizzard

"I love spring anywhere, but if I could choose I would always greet it in a garden." ~Ruth Stout

"In the spring, at the end of the day, you should smell like dirt." ~ Margaret Atwood.

"Can words describe the fragrance of the very breath of spring?" ~ Neltje Blanchan
