

It's Time For Valentines Day

"Welcome to the New Year....."

The January dance was excellent

PRESIDENTS MESSAGE...

We hope your Valentines Day was very special! Our dance this month is in between St. Valentines Day and St. Patrick's Day. That means red and green so you can wear your Christmas outfits!

Remember to update your Toppers Membership Roster. The new members are Tracy & Carmen Wells, and Gilles & Gisele Mongeau. Their addresses, phone numbers and emails are on page two! Welcome to Toppers!

Thinking about St. Valentines Day, we found this quote to share with you:

"Love - a wildly misunderstood although highly desirable malfunction of the heart which weakens the brain, causes eyes to sparkle, cheeks to glow, blood

pressure to rise and the lips to pucker."

I have had the honor of being the president for the past two years and hope someone will volunteer to take the reins next year! It's a fun job but it is time to share with others! Do you have a suggestion?

We are looking forward to seeing you on the 21st and if you can, bring a guest couple! The more the merrier!

*Larry Isham,
President*

FUN DANCE FACTS!

A world record for the longest conga dance line was set by 119,986 people in Miami in 1988.

In 2008, the world's first "sustainable" dance floor opened at Club Watt in Rotterdam, Sweden. The floor's tiles each sit on springs hooked up to generators. The harder people dance, the more the springs are compressed and this converts into energy, which runs the LED lights in the floor.

You may know Tupac Shakur as the late rapping legend of the late 80s and early 90s, but what you may not know is that he used to do ballet! He became a member of the 127th Street Ensemble, a Harlem based theater company.

Dancers have better average peripheral vision. Even if they do not turn their heads, they could clearly see what's on their peripheral vision.

ABOUT OUR WEBSITE

We keep a history of our dances "on-line" so we can go back in time and visit the good times.
